500D Nylon Packcloth

## PRODUCT PROMISE

Intentional design is intelligent design, and bike commuters need to be ready to handle anything as they travel through town. The Radial provides commute-specific features, like a high-visibility raincover and organization for electronics and bike gear. Offering more than the competition, we also include an AirSpeed® backpanel for enhanced ventilation, a comfortable harness that moves as you ride and the delightfully unexpected Kickstand to keep your pack upright and your gear off the floor.

# SIZING / FIT

---

## RADIAL – UNISEX SIZING

O/S Fit Range: 17-22 in | 43-56 cm

## HARNES FIT

The harness straps should wrap fully around the shoulders with no gaps between the pack and back. The padded part of the harness straps should end at 2<sup>7</sup>/<sub>5</sub> cm or more below the armpits without topping out and the sternum strap adjusted to approximately 2<sup>7</sup>/<sub>5</sub> cm below the collarbone.

# FEATURES

## INTEGRATED KICKSTAND

+ An integrated kickstand keeps your pack upright whether loaded or empty and provides easy access to gear.

## LOOP FOR BLINKY LIGHT ATTACHMENT

The blinky light attachment strap found near the base of the front panel of the pack allows for quick light attachment for high visibility in the dark.

- 1 Secure blinky light clip through reflective blinky light attachment loop.
- 2 Blinky light attachment loop is reflective, providing some visibility even without a blinky light

## LIDLOCK HELMET CARRY

Osprey's LidLock easily and securely carries bicycle helmets.

- 1 Locate the hidden LidLock helmet attachment clip near the top of the pack's front panel and pull away from the pack.
- 2 In the vertical position, pass LidLock through the helmet vent from the bottom and engage in the horizontal position.
- 3 Reverse process to detach helmet.

## LAPTOP AND TABLET SLEEVE

+ Padded laptop sleeves provides protective transportation of most devices up to 16".

# FEATURES

## INTEGRATED REMOVABLE RAINCOVER

- 1 Locate the raincover icon near the base of the pack.
- 2 Unzip the raincover compartment.
- 3 Pull the raincover from compartment and slip over the top and bottom of the pack.
- 4 Tension into place using the cord lock at the bottom of the raincover.
- 5 Reverse this process to return raincover to compartment.
- 6 To remove the raincover altogether, unfasten the hook and loop strap from the cord loop inside the raincover compartment.

Tip: To prevent mildew, remove raincover and allow to dry entirely after use in the rain.

## ZIPPERED HEAT-EMBOSSED TOP POCKET

- + The zippered heat-embossed top pocket provides a secure and scratch-free storage solution for sunglasses and other fragile items.

## RIDING ACCESSIBLE POCKETS

- + Thoughtfully placed side panel, stretch mesh, zippered pocket offers usable storage for smaller items while on the go.

## FRONT PANEL ORGANIZATION POCKET

- + The front panel pocket secures and stores pens, books and other small items.
