PRODUCT PROMISE

The Metron Series is designed for urban bike commuters who need a comfortable pack that includes subtle technical features with an aesthetic that matches their own. You'll find safety-focused features like a high-visibility raincover to stay seen, safe and dry, hidden LidLock helmet carry, padded laptop sleeve and organization for your gear. StraightJacket compression provides the flexibility to reduce volume and stabilize smaller loads, and all of these features plus our AirScape® backpanel and unique styling make the Metron more than just a bike pack.

HARNESS

AIRSCAPE BACKPANEL

WEBBING HIPBELT

AIRSCAPE BACKPANEL

- + Mesh-covered ridge foam for ventilation and comfort

HARNESS

- + Mesh-covered die-cut foam for ventilation
- + Removable/Adjustable sternum strap with safety whistle

WEBBING HIPBELT

- + Removable 25 mm webbing pack-stabilizing hipbelt

SIZING / FIT

HARNESS FIT

The harness straps should wrap fully around the shoulders with no gaps between the pack and back. The padded part of the harness straps should end at 2 7/5 cm or more below the armpits without topping out and the sternum strap adjusted to approximately 2 7/5 cm below the collarbone.

FEATURES

STRAIGHTJACKET COMPRESSION

- + Dual foam-padded sidewalls work in conjunction with our StraightJacket compression system to both protect contents and stabilize loads. Loads can be compressed and stabilized by tensioning the dual StraightJacket straps on the pack's front panel. When contents are less than full, the protected buckles on the right side panel of the pack serve as connection points for the straps compressing and stabilizing your load down to 8L.

LOOP FOR BLINKY LIGHT ATTACHMENT

The blinky light attachment strap found near the base of the front panel of the pack allows for quick light attachment for high visibility in the dark.

- 1 Secure blinky light clip through reflective blinky light attachment loop.
- 2 Blinky light attachment loop is reflective, providing some visibility even without a blinky light

LIDLOCK HELMET CARRY

- 1 Locate the hidden LidLock helmet attachment clip near the top of the pack's front panel and pull away from the pack.
- 2 In the vertical position, pass LidLock through the helmet vent from the bottom and engage in the horizontal position.
- 3 Reverse process to detach helmet.

LAPTOP AND TABLET SLEEVE

- + Padded laptop sleeves provide protective transportation of devices up to 16".

FEATURES

INTEGRATED REMOVABLE RAINCOVER

- 1 Locate the raincover icon near the base of the pack.
 - 2 Unzip the raincover compartment.
 - 3 Pull the raincover from compartment and slip over the top and bottom of the pack.
 - 4 Tension into place using the cord lock at the bottom of the raincover.
 - 5 Reverse this process to return raincover to compartment.
 - 6 To remove the raincover altogether, unfasten the hook-and-loop strap from the cord loop inside the raincover compartment.
- + Tip: To prevent mildew, remove raincover and allow to dry entirely after use in the rain.

ZIPPERED HEAT-EMBOSSED TOP POCKET

- + The zippered heat-embossed top pocket provides a secure and scratch-free storage solution for sunglasses and other fragile items.

FRONT PANEL ORGANIZATION POCKET

- + The front panel pocket secures and stores pens, books and other small items.

RIDING ACCESSIBLE POCKETS

- + Thoughtfully placed side panel, stretch mesh, zippered pocket offers usable storage for smaller items while on-the-go.
